FAQ

**1.Is the present price the final price?**

A: Yes we are. The price is based on current materials, labor, transportation, etc., which is basically lower than other domestic products, which is very competitive. But if you have a long-term intention or want to buy a lot of our products, we can talk about it in detail and come up with an answer that will satisfy both sides.

**2.Can you fix the postage if I buy your products?**

Of course we can, but only if your order reaches a certain value.

**3.Are you a foreign trade company or a foreign trade factory?**

You don't have to worry about it, we have a big factory, and we make steady production every day.

**4.How many days is your delivery date?**

On average, 7 days. It's also based on your order quantity.

**5.Is there any guarantee of the quality of your products?**

Our products have passed the IOS9001 certification. We can assure you that the quality of our products is above the industry average.
